PROFILE

I'm a passionate and results-driven full-stack developer with 1+ years of experience in creating robust web applications. My journey began with a fascination for both front-end and back-end technologies, and I've honed my skills to become proficient in the entire stack.

Front-end Development	Website Design
Web Coding	UI/UX

WORK EXPERIENCE

Social Media App

- The app connects you the talented people around the world Download it from play store.

Fitness Tracker

- are excellent companions for monitoring your health and activity levels. They can help you stay motivated, track your steps, monitor heart rate, and even analyze your sleep patterns.

Online Shopping App

- The app connects you the talented people around the world Download it from play store.
